

## Are You Prepared to be Hit by a Bus?

### No one ever plans on being hit by a bus... But what happens if you are?

- What kind of conversations have you had with your family in the event a crisis occurs?
- Do your loved ones know where your important papers are or who can make decisions on your behalf?
- Are there gaps in your planning?
- Does your family know about online passwords or even your end of life desires?

## The Care Right Signature Grab and Go Binder

The purpose of our *Grab and Go Binder* is for you to outline as much information as possible so your loved ones not only know what your desires are in the event of a medical crisis, but so they can also carry on your personal or business affairs.

**Crisis situations are stressful and NOT the time for family members to be scrambling to find answers!**
